

# CALIFORNIA SCIENCE TRANSLATORS --- **SHOWCASE**

Open to the public. Join us!

**Wednesday  
February 5th**  
1:30pm - 3:30pm

**Capitol  
Room 317**  
(3rd Floor)

Teaching California's student and postdoctoral researchers the craft of communicating science to a policy audience.

**Shisham  
Adhikari**  
UC Davis

Road Trip to a Green Economy:  
Smart Climate Policy is Smart  
Economic Policy

**Haroula  
Baliaka**  
Caltech

Small Elements, Big Impact:  
Unveiling Pollution Sources for  
Better Air Quality

**Gwyn  
Chilcoat**  
UC Davis

Shuck This: Native Oysters Save  
Our Ocean

**Joan  
Chimezie**  
UCLA

Bigger, Hotter, and More  
Destructive: Decoding Fire History  
for a Resilient Future

**Grace  
Hu**  
UC Berkeley  
& UCSF

Need an Organ? Print Your Body's  
Backup Plan, Now in 4D!

**Sarah  
Kakadellis, PhD**  
UC Davis

The Butterfly Effect: Ripple  
Effects of Pollinators Across  
California

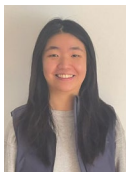

**Abhishek  
Kumar, PhD**  
UC Davis

From Waste to Opportunity:  
Biochar for a Cleaner, Greener, &  
Food-Secure Future

**Travis  
Leggett**  
CSU Monterey  
Bay

Habitat Against Calamity:  
Restoring Giant Kelp Forests and  
Building Resilience

**Zhuoying  
Lin**  
UCLA

The Stress of Pollution is in Every  
Breath

**Anya  
Robinson**  
UC Davis

Stocking the Shelves: How Supply  
Policies are Driving the Electric  
Car Revolution

**Emma  
Saso**  
CSU Monterey  
Bay

Resilient Reefs: Cracking the Code  
of Coral Survival

**Sarah  
Shiers**  
CSU San  
Francisco

From Clicks to Conservation:  
Mapping Risso's Dolphin  
Populations Through Sound

**Sophia  
Tomatz**  
UC Berkeley

Big Ideas, Tiny Solutions:  
Nanoparticles Enhancing  
Agriculture
