

**In-Person Only Event**

# Key Challenges for California's Energy Future

Presentation and Q&A with the Steering Committee.

**Mon. 1/22**

**11 AM**

**LOB 100**

1020 N St.  
Sacramento, CA

Steering Committee Members:

**Jane Long**

Chair, CCST Distinguished Expert

**Michael Mastrandrea**

Stanford

**Colin Murphy**

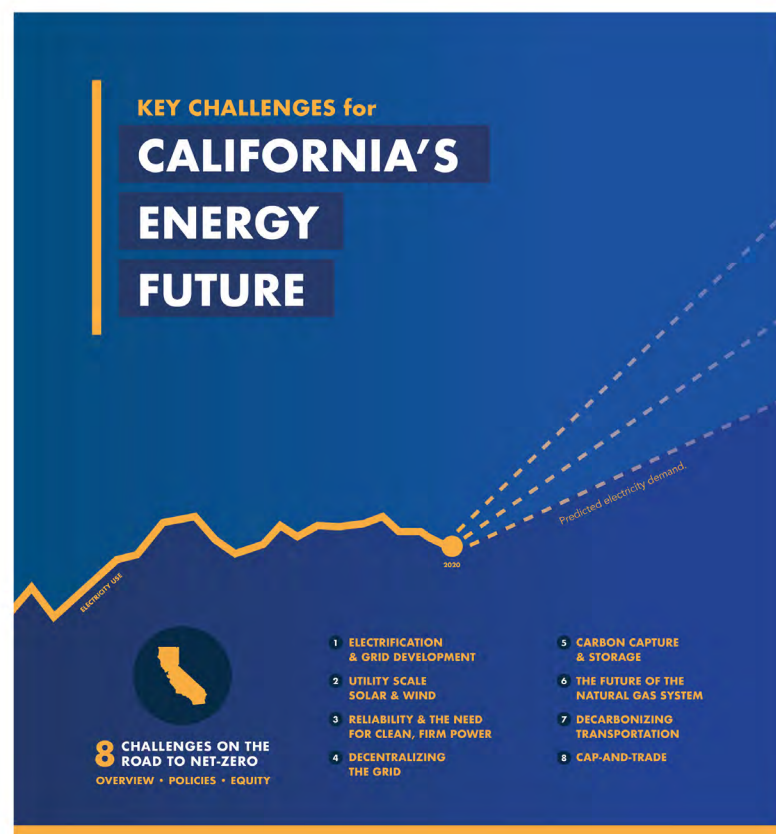

UC Davis

**Arun Raju**

UC Riverside

Register

Key Challenges for California's Energy Future covers eight of the thorniest challenges along California's path to a net-zero economy by 2045. This primer was originally released in June 2023 but has recently been updated to reflect key policies passed during the 2023 legislative session. Steering Committee members will discuss this resource and provide a high-level summary of California's energy transition and each of these eight challenges. There will be ample time provided for audience questions.
