Fellows' training begins
- **December**
Placements begin

Apply

Applicants from across the country spend a year in Sacramento working as staff members within the **California State Senate, State Assembly, State Agencies, or Offices of the Governor**. As a CCST S&T Policy Fellow, you'll get a front-row seat to learn about the craft and process of lawmaking in the State of California. CCST S&T Policy Fellows work alongside decision makers to evaluate complex issues, interpret data, and solve problems while tackling the responsibilities of full-time policy staffers.
